```
          Bm
What a privilege to stand
        G           D
In the presence of your holiness
                    A
In the pastures of your promises
                  Em        [2nd x – Cmaj7]
Where you fill up our souls

          Bm
What an honor to bow
       G           F#m [D]
At the feet of your majesty now
                   A
In the mercy that's still flowing down
                    Em        [2nd x – Cmaj7]
From that old rugged cross
```

```
                 Bm
Awaken the wonder
                  G
Pour out your presence
              D                 F#m
Open our eyes to endless awe
               Bm
Baptize our passions
                 G
Tear down our idols
             D                  F#m
'Til we're amazed by who you are
                 Bm    G  D  F#m
Awaken the wonder
```

Bm
Speak to the darkness
        G   D
Breathe life in these bones
Bm
Pour out revival
        G   D
That the whole world would know
Bm
Speak to the darkness
        G   D   F#m
Breathe life in these bones
Bm
Pour out revival
                          F#m   A
That the whole world would know
