INTRO/TURNAROUND: C Am F C

Here in this mess, we long to believe
Trying to trust you, though we have not seen
Even in doubt, Lord we are sure
Even in darkness, your light will endure

God of our rescue - Nothing can stop You
Nothing can slow You down
You won't forsake us - You're coming to save us
Nothing can slow you down (F - into the Bridge)

Above all this mess, You're sovereign and wise
You're never delayed, You're always on time
So even in doubt, we know you are near
Even in darkness, We will not fear

We will wait! We will wait!
For our help is on His way!
So come, Lord Jesus!
Come, Lord Jesus!
