

WE SAY YES

Stephen Miller

INTRO

D Em G A

VERSE

You have been more than steadfast more than faithful

To carry us through the depths

We respond to the movement of Your grace

Carried by the wind of Your words

PRE CHORUS

This is the moment, here and now

To let love be our cause

CHORUS

And we say yes, yes Lord

Yes to anything You ask

We surrender to the wonder

Of the story of redeeming love

We say yes

BRIDGE

To the highest and farthest

We surrender to Your heart

To the lowest and the darkest

We surrender to Your heart
