VERSE 2

I will sing of God come down

The mystery that truth confounds

The man who came as God made flesh

The Father sent down to redeem

Take my place and make complete

The work He started long ago in me

That perfect man from Calvary's tree

Ascends the mount of God for me

To open up the holiest place

And usher me into the sight

Of beauty, glory, man's delight

The glory only He himself could be

So I will sing
